

Check Below for Previous Events at Raven Hill Discovery Center!

NOMAC Astronomy Club Meeting Thursday, January 5, 2012

Thursday, January 5, 2012 is the next scheduled meeting of NOMAC, the newly formed Northern Michigan Astronomy Club at Raven Hill Discovery Center. Bryan Shumaker will share "Basic Cosmology: How things work and what do all those abbreviations mean?" The club meets the first Thursday of each month at 7:30 pm. After the indoor program, the group will spend time at the Center's Moon Base viewing the heavens through the Center's 16-inch reflecting telescope, if the weather permits. Attendees are also invited to bring their own telescopes. Call 231.536.3369 for more information.

Winter Holiday FUN at Raven Hill 2011-12-15

Treat yourself and your family to an afternoon of fun and exploration at Raven Hill Discovery Center this holiday season. Located between East Jordan & Boyne City, just off C-48 at Pearsall Road, the Center helps visitors build connections between science, history and the arts in an interactive learning environment. In addition to the hands-on museum and exotic animals, visitors can dress for the weather and spend time in the one-room schoolhouse, explore the Tree House, see the geologic history of the earth on the Exploring Beyond Jurassic Park outdoor exhibit, and snowshoe or cross country ski around the Taxi Trail and to the Ancient World outdoor exhibit. Raven Hill will be open every day noon to 4 p.m. from Saturday, December 17th to Saturday, December 31st, except for Christmas Day.

The cost of general admission is \$8 per person and the average visit is 2 hours even just indoors. For more information, phone 231-536-3369 or toll free 877-833-4254.

A special celebration of the Winter Solstice is scheduled for Wednesday, December 21st. The Center will re-open at 6 pm for a special display on Timepieces Through the Ages. Both Father Christmas and Father Time will make an appearance and then around 7 pm those with hearty souls and a sense of adventure can snowshoe or cross country ski an illuminated trail to the Ancient World for a bonfire. Everyone is invited to bring food to share around the fire.

A New Year's Eve Overnight for Kids will run from 6 p.m. on December 31, 2011 to 9 a.m. on January 1, 2012 and will entertain the kids with a variety of fun activities and keep them safe, while you celebrate with them or on your own. Registration is limited and spaces must be booked by December 24th, so call Cheri at 231.536.3369

Second Saturday Science scheduled for Dec 10th 2011-12-05

It's a FAMILY AFFAIR at Raven Hill Discovery Center this last second Saturday in 2011—December 10th from noon to 4 pm. Thanks to a grant awarded by the Petoskey Harbor Springs Area Community Foundation, the Center has offered **free admission for families** and special

science activities on the second Saturday of each month in 2011, ending this Saturday, December 10th. Bring the whole family “team” OR make it a special event for parent and child. There will be fun problem-solving demos & activities to fit various ages, abilities and interests.

In 2010, Second Saturday Science Days were sponsored by the Charlevoix County Community Foundation and in 2011, Second Saturday Science Days have been made possible by the Petoskey Harbor Springs Area Community Foundation and again there has been record attendance. Because of these generous donations, family groups have been able to strengthen creative & critical thinking skills by exploring a different science concept each month, plus enjoy the museum, animals and the outdoor exhibits. The focus this Saturday will be **Lasers**. Learn how lasers work and how they are used.

Monthly Astronomy Club Meeting, NOMAC - 2011-11-28

Thursday, December 1, 2011 is the next scheduled meeting of NOMAC, the newly formed Northern Michigan Astronomy Club at Raven Hill Discovery Center. Rod Cortright, astro-photographer, will share information about photographing the night skies, using a variety of camera equipment. Bring your camera and learn how to capture the stars. The club meets the first Thursday of each month at 7:30 pm. After the photography program, the group will spend time at the Center’s Moon Base viewing the heavens through the Center’s 16-inch reflecting telescope, if the weather permits. Attendees are invited to bring their own telescopes. Call 231.536.3369 for more information.

Raven Hill Announces Thanksgiving Hours for 2011

Raven Hill Discovery Center will be open from noon to 4 p.m. for family visits during Thanksgiving break. Hours are Friday, November 25th through Sunday, November 27th. Visitors can explore the hands-on museum and hold the animals. Special activities are available on request and include Shibori, an ancient folding and dyeing technique that yields beautiful scarves, Hot Glass Beads, working with a torch to create your own glass beads, plus marbled paper, leather pouches, aluminum repose and other offerings from the Raven Hill Discovery Center class list.

Plan to treat yourself and your family to an afternoon of fun and exploration at Raven Hill Discovery Center this Thanksgiving break. Located between East Jordan & Boyne City, just off C-48 at Pearsall Road, the Center helps visitors build connections between science, history and the arts in an interactive learning environment. In addition to the hands-on museum and exotic animals, visitors can dress for the weather and visit the tree house, the one-room schoolhouse, play in the music garden, see the geologic history of the earth on the Exploring Beyond Jurassic Park outdoor exhibit, and snowshoe or cross country ski around the Taxi Trail and to the Ancient World outdoor exhibits.

Raven Hill Discovery Center is a regional science and technology center. It is located on 157 acres in a rural area of northwestern Lower Michigan next to the Little Traverse Conservancy’s Raven Ridge Nature Preserve. It is also a cultural, historical and art center and is the 2005 Crooked Tree Arts Center eddi Award recipient for Arts and Cultural Organizations. For more information, phone 231-536-3369 or toll free 877-833-4254.

Northern Michigan Astronomy Club Meeting (NOMAC) - 2011-10-31

Anyone interested in learning more about the night sky is invited to attend the first regularly scheduled meeting of Northern Michigan Astronomy Club (NOMAC) at 7:30 pm on Thursday, November 3rd at Raven Hill Discovery Center. The newly formed group will present "Finding Your Way Around the Night Sky", an exciting program for astronomers, both beginning and advanced, or anyone just interested in learning more about our heavenly neighbors, both near and far, like the moon, planets, constellations and nebula.

The program will provide information about what to look for and where as you gaze at the skies over northern lower Michigan, with or without a telescope. Presenters, Bryan Shumaker and Rod Cortright are both avid amateur astronomers and will share their expertise with the group. If the weather cooperates and the skies are clear, the group will move to the Center's Moon Base to see the night sky through Raven Hill's 16 inch reflecting telescope! Raven Hill has one of the best observing sites in all Michigan with its dark sky and low horizons. Anyone interested in bringing their own telescopes is more than welcome to do so.

Plans are for NOMAC to meet at 7:30 pm on the first Thursday of each month at Raven Hill, so if you can't make the meeting on November 3rd, mark your calendar for Thursday, December 1st. Call Cheri at 231.536.3369 or email info@ravenhilldiscoverycenter.org for more information. Registrations are appreciated, but not required. There is no charge for the program.

Astronomy Club Meeting on Wednesday the 19th - 2011-10-17

There will be an astronomy club/group planning and brainstorming session on Wednesday, Oct. 19, 2011 at 7:30 PM at Raven Hill Discovery Center. Interested community members are invited to bring lots of ideas, suggestions, and enthusiasm. The group will create a road map to organizing a vital and successful astronomy group! The program will be an open forum—everyone's input and opinions are important. If you are interested in space science and astronomy, we need your ideas and opinions as to club format and goals. This is a "ground floor" opportunity to be involved.

If weather permits, the group will gather later at the Center's Moon Base to view the night sky through the Center's 16 inch reflecting telescope. Participants are also invited to bring their own telescopes, if they want. Raven Hill has one of the best observing sites in all Michigan with its dark sky and low horizons.

The session will be led by Bryan Shumaker, local amateur astronomer. He was formerly an instructor in Astronomy at Oakland University and director of their Astronomy Observatory. Call Cheri at 231.536.3369 or email info@ravenhilldiscoverycenter.org for more information or if you have any questions. Registrations are appreciated, but not required. There is no charge for the program.

Science Magic Happening at Raven Hill - 2011-10-03

Just in time for Halloween, Science Magic is the theme at Second Saturday Science Day. Come and

be prepared to learn some cool “magic tricks”. The FAMILY AFFAIR at Raven Hill Discovery Center happens every second Saturday in 2011—next up: Saturday, October 8th from noon to 4 pm. Thanks to a grant awarded by the Petoskey Harbor Springs Area Community Foundation, the Center will offer FREE ADMISSION and special science activities for families on the second Saturday of each month in 2011. Bring the whole family “team” OR make it a special event for parent and child. There will be fun problem-solving demos & activities to fit various ages, abilities and interests every month. Family groups can strengthen creative & critical thinking skills by trying a different science challenge each month, plus enjoy the museum, animals and outdoor exhibits. Watch for other fun events every second Saturday in 2011 and make plans for your family to join us.

[Celebrate the Fall Equinox & Explore the Night Skies](#)

Anyone interested in learning more about astronomy is invited to attend an introductory program Thursday, September 22, 2011 at 7:30 pm. The event will be held in the new Warren Loranger Great Room and later at the Center’s Moon Base, if the weather permits.

[MI Coral Reef Grand Opening Sunday, September 25th](#)

Raven Hill Discovery Center is pleased to announce the Grand Opening of its newest exhibit: MI Coral Reef. The exhibit is the third expansion of the Center’s existing **Exploring Beyond Jurassic Park** Exhibit and the eleventh grant award that Raven Hill has received from the Michigan Council for Arts and Cultural Affairs and the National Endowment for the Arts. The Opening is scheduled from noon to 4 pm on Sunday, September 25, 2011 and the public is invited to attend.
